In the Matter of LightSquared Subsidiary LLC Request for Modification of Its Authority for an Ancillary Terrestrial Component

To: The Federal Communications Commission

FCC File Number: SAT-MOD-20101118-00239

I am writing to urge you to approve LightSquared's request for a modification of its authority for an Ancillary Terrestrial Component.

LightSquared's unique business model will benefit both consumers and tech industry startups looking to test out new business practices without being forced to spend the billions of dollars required to build their own nationwide network. Its satellite service will also become a vital component of a national wireless network, providing a permanent, country-wide emergency back-up for our ground-based technology.

I strongly support this exciting new venture by LightSquared, which would bring positive change to our region's wireless marketplace.

Respectfully submitted,

A handwritten signature in black ink that reads "Mark Nash". The signature is written in a cursive, slightly slanted style.

Mark J. Nash
